

Real-world Evidence (RWE) in Japan

Project Scope

- Launch opportunities which are not as formal as academic conferences
- Plan small events such as seminars presented by free instructors (look for partners, investors and customers) and group work
- Distinguish from the opportunities such as The Japan Pharmaceutical Manufacturers Association (JPMA) or The Federation of Pharmaceutical Manufacturers' Associations of JAPAN (FPMAJ)
- Be a sustainable community which CRO/Medical DB vendors/Pharmaceutical companies can communicate equally, share information and conduct educational activities in Japan.
