

PHUSE/FDA CSS 2024

Overview

Are you ready to deepen your understanding of computational techniques and regulatory applications? The annual PHUSE/FDA Computational Science Symposium (CSS) is an event at the forefront of the pharmaceutical industry's commitment to innovation and collaboration. Key highlights include cutting-edge research, interactive workshops, regulatory insights, networking opportunities and, of course, vital updates from the eight PHUSE [Working Groups](#).

Be a part of the change and join us 3–5 June at the Civic Center in Silver Spring, MD. Registration and call for posters is now open, please visit the [PHUSE website](#) for more information and key dates.

Discover what's happening at the CSS 2024!

Watch the video below where Chris Price, PHUSE Working Groups Director and CSS Chair, lets us into the exciting discussions, initiatives, and advancements awaiting you at this year's event.

Please note, this video was recorded in February. Visit the [PHUSE website](#) for the most up to date agenda and contributor information.
